

No one plans to spill a beverage on their ThinkPad. Or, drop it face down in the classroom! They're called accidents for a reason...they happen. They're unintentional. What is planned, is peace of mind, knowing, your child's device is protected under a GoCare protection plan.

We take the worry out of "what if"? With our new EZ Claims System, filing a claim has never been easier. And, with an all US-based customer care team, claims are processed quickly and efficiently.

Paying repair costs, per occurrence, gets very expensive. With a GoCare insurance policy, you pay a onetime annual fee. And, that's it! Plus, **Unlimited** claims.

Why spend more? When you shouldn't have to. Solutions. Not stress!

*That's the GoCare Peace of Mind Promise.*

## WHAT IS COVERED

### Accidental Damage from Handling (ADH)

Damage from drops, like cracks, dings, housing damage, and shattered screens.  
Liquid damage from spills to full submersion

### Insurance

Theft - Lost - Perils - Burglary/Robbery  
Mysterious disappearance, stolen devices, fire, flood

## HOW IT WORKS

When accidental damage occurs, a claim will be filed online. The claim will be reviewed by a Claims Specialist within 4-6 business hours. Once approved, packing and shipping instructions will be emailed. Along, with a prepaid shipping label. A completed and detailed claim form is imperative, to prompt processing of any claim. We want to resolve issues quickly. So, we have made the claims process quick and easy.

Liquid damage claims must be filed within 7 calendar days of the incident. All other claims, must be filed within 30 days of the incident. Sooner is always better!

If we must replace a device, we take ownership of the original device. And, provide a replacement device or settlement check. Based, on the agreement. The remaining coverage, will transfer to the new device.
